SUMMARY

Bilingual English-Spanish professional with experience in healthcare revenue cycle management, medical billing, claims processing, and insurance operations. Skilled in denial resolution, appeals, insurance verification, fraud investigation, and customer support. Experience supporting healthcare organizations and global companies including Mastercard and eBay. Currently pursuing a Bachelor of Science in Physics, bringing strong analytical, problem-solving, and investigative skills to operational and claims-focused roles.

EXPERIENCE

Medical Billing, Claims & Revenue Cycle Specialist

Advanced Spine & Spine Centers, PLLC

October 2025 - June 2026, Stafford, Virginia, USA

- Managed the full lifecycle of medical claims, including claim submission, follow-up, denial investigation, and payment resolution.
- Reviewed Explanation of Benefits (EOBs), remittance advices, and payer correspondence to identify billing discrepancies.
- Investigated claim denials and underpayments from commercial insurance carriers and government payers.
- Prepared and submitted claim corrections, reconsiderations, and appeals to support reimbursement efforts.
- Verified insurance eligibility, benefits, and authorization requirements.
- Researched payer policies and billing guidelines to ensure compliance with reimbursement requirements.
- Worked with CPT, HCPCS, ICD-10, modifiers, and payer-specific billing rules.
- Collaborated with providers, clinical staff, and insurance representatives to resolve complex billing issues.
- Assisted in revenue cycle operations to maximize claim reimbursement and reduce denials.
- KPI Analysis of Billing department performance for accurate decision taking.

Trust & Safety Operations Specialist

eBay

May 2024 - April 2025, Mexico City, Mexico.

- Investigated fraudulent account activity and identified suspicious user behavior.
- Reviewed potentially fraudulent listings and enforced platform compliance policies.
- Evaluated account suspension appeals and determined reinstatement eligibility based on internal guidelines.
- Conducted account risk assessments to protect users and marketplace integrity.
- Identified technical issues affecting users and generated IT support tickets for investigation and resolution.
- Managed collection-related account inquiries and monitored outstanding balances.
- Assisted customers with payment processing, refunds, disputes, and account-related concerns.
- Documented investigations and maintained detailed records in accordance with company policies.
- Collaborated with internal teams to resolve escalated account and platform issues.

Bilingual Customer Support & Benefits Specialist

MasterCard

January 2023 - April 2024, Mexico City, Mexico.

- Provided information regarding credit card benefits, travel protections, insurance coverage, and premium cardholder services.
- Assisted customers with travel-related documentation, including Schengen Visa insurance certificates.
- Processed and documented lost and stolen card reports while coordinating account protection procedures.
- Supported cardholders with insurance claims follow-up and claim status inquiries.
- Investigated customer concerns and provided timely resolutions in accordance with Mastercard policies and service standards.
- Delivered bilingual customer support in English and Spanish.
- Maintained accurate records and documentation while meeting quality and compliance requirements.
